“Building on Tradition” Capital Campaign

The Union County Fairboard is pleased to announce that we have received a DEKKO pledge of $500,000 towards new buildings on the fairgrounds! DEKKO has offered support in the form of a pledge that is designed to both help us build momentum for our building campaign and complete it successfully. To begin, DEKKO will pay out $1 for each $1 we can secure for our building project, up to a maximum payment of $100,000 from their foundation. If we are successful with that pledge, they will offer a second pledge of $400,000. That pledge will be payable once we have secured the total of $1,545,000 (including Dekko Foundation support) needed to complete our project in full.

"4-H's formula of encouraging young people to pursue projects that interest them is so effective," commented Sharon Smith, program director for the DEKKO Foundation. "It helps youth build persistence, responsibility, respect and confidence. For that reason, we are pleased to come alongside Union County to support this opportunity to improve the community's 4-H facilities."

Donations towards the campaign can be sent to:

4-H isn’t just about showing livestock. It’s about kids learning to become self-sufficient, to grow into tomorrow’s leaders. Letting this program fail would be letting yourself down.

Union County 4-H Youth Development Policy

I. The mission of the 4-H Program in Iowa:
Iowa State University Extension and Outreach Youth and 4-H Program is to Empower youth to reach their full potential through youth adult partnerships and research-based experiences.

II. Union County 4-H Youth Development Program
1. Where by-laws or a constitution exists, the following statement will be included in all charters of 4-H clubs; All youth of 4-H age who are willing to actively participate in a Union County 4-H Club, shall have equal access to the benefits of the 4-H youth programs, regardless of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual’s income is derived from any public assistance program.”  
2. Clubs/groups may not vote to see if a youth is eligible to be a member of their club
3. Clubs/groups will collect a fee, not to exceed $15 of $30 ($15.00 covered by Extension Council) in support of the state’s yearly fee assessment. No child will be denied membership in the community club program or independent membership due to their inability to pay club dues or the statewide program development fee. If a child’s lack of ability to pay fees will create a hardship, please notify the Extension Office. Assistance can be requested from the Iowa 4-H Foundation.
4. All clubs/groups are encouraged to meet on a regular basis throughout the program year.

III. Expectations
1. 4-H’ers and volunteers who participate in 4-H Youth Development sponsored programs will be courteous, responsible and cooperative.
2. Members and volunteers will not distribute, possess or be under the influence of illegal drugs, alcohol or tobacco products while taking part in any 4-H Youth Development activities.
3. Inappropriate behaviors at 4-H events will be dealt with on an individual basis and will involve volunteers, staff, Youth Policy Committee, Extension Council, parents and others as necessary.
4. Consequences may include verbal or written apology, restitution, community service, and restrictions on 4-H activity.
IV. Membership Qualifications
1. Youth wishing to participate in the 4-H community club must have started 4th grade by September 15th of the current year.
2. Youth in Kindergarten through 3rd grade who wish to participate in 4-H should give consideration to joining “Clover Kids”, a 4-H exploratory program.
3. Independent Membership is an opportunity for youth from 4th – 12th grade where an adult mentor guides a 4-H’er in the planning of their 4-H experience. Independent membership provides individual youth access to ISU Extension 4-H programs.
4. In order to be considered a member for the current year, a membership enrollment must have been completed in 4-H Online during the current year.
5. Grade group classifications include Clover Kids (Kindergarten, 1st, 2nd, 3rd grade), Junior (4th, 5th, 6th grade); Intermediate (7th, 8th grade); Senior (9th, 10th, 11th, 12th grade).
6. 4-H members must have recorded that the member annual fee has been paid before exhibiting at the county fair or receiving any type of premium, award, or reward.

V. Membership Responsibilities
1. Exhibitors must have attended at least (4) regular 4-H community club meetings in order to exhibit at the county and/or state fair.
2. Members are encouraged to:
   a. give a talk, presentation, or other program at a local club meeting
   b. complete a project according to goal(s) established for the project
   c. complete a record summary of yearly activities
3. Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the Code of Ethics or allows another person (adult or peer) to talk them into violating the Code of Ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at current and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions. To understand the guidelines and expectations for Iowa 4-H youth, please refer to the Iowa 4-H Youth Code of Ethics found on our website at www.extension.iastate.edu/union/4h.
VI. Volunteer Leaders
1. A volunteer application form, references, screening, and approval by Extension Council are required to be completed before an adult can act in the capacity of a club or project leader. Red flags on background screenings will be taken into consideration by extension council on a case by case basis. 
2. All club and project leaders must complete the state volunteer training annually.
3. 4-H relies on its volunteers. At every level 4-H programs are successful to the extent they tap the creativity, nurturing, wisdom and skills of volunteers. Our general/organizational volunteers provide overall leadership to club or group organization, overseeing the structure and operation and serving as the club’s contact with Extension employees and county volunteers. They involve and coordinate activities of other volunteer roles that support the group. Project volunteers meet with youth on a regular basis in a club, special interest, after school, or camping program to assist youth in achieving success in one of the 4-H outcomes. An activity volunteer helps conduct club, county, area or state events involving 4-H members and/or adult 4-H volunteers. A resource volunteer helps assist or conduct a short-term, single event or learning experience under the administration of a trained volunteer or staff member. All 4-H volunteers support youth by providing a safe environment for them to feel they belong, develop independence, gain knowledge and skills and demonstrate generosity through service to others.

3. The awards committee will review and recommend changes to the award program. This committee may also select others to assist with the 4-H awards selection.
4. Record of award selection will be made for all grades.
5. If a member has already won the top award in a class, he/she may not apply or be eligible for the lesser award, but if he/she has won the lesser award, he/she may apply and be eligible for the top award.

3. All exhibitors showing beef, sheep, meat goats, swine, rabbits and/or poultry must have completed annual FSQA training or testing. Testing must be unexpired and the exhibitor must re-test as needed to stay current.
4. The Livestock Sub-Committee of each division will be responsible for interpreting the rules and regulations for each respective division. In the event of a conflict of placing, all disputes will be settled by the Judge and Committee of that department.

5. All exhibits must be on the grounds by Noon on Friday, July 21st (except dogs and rabbits) and will remain until 8:00 AM on Wednesday, July 26th. Removal of project prior to the established release time, without approval, will automatically be cause to withhold all ribbon and sale premiums.

6. Livestock (beef, sheep, swine) exhibited as market projects may be sold at the county fair livestock auction on Wednesday starting at 1:00 PM. Projects to be sold at the county fair auction must have been entered and shown at the county fair. Exhibitors wanting to sell their livestock projects at the county fair must notify the Extension office staff immediately following their species show.

7. Animals offered for sale in an auction are considered as having changed ownership even though bought back by the original owner and will no longer be considered a 4-H project. Said project cannot be exhibited at any other 4-H shows as a 4-H project. However, all animals sold at the auction will continue to be the responsibility of the member until they are delivered to the purchaser or his/her representative. Premium monies (including ribbon premiums and/or auction premiums) may be withheld from the member at the discretion of the fair board, the department committees, and/or Extension council and staff for failure to act responsibly and in accordance with the 4-H policy.

8. Grooming and fitting rules will follow those established by the State Fair. Such rules will be regulated by the departmental committee. Animals being exhibited are to be groomed by the exhibitor as much as possible with assistance from immediate family members or other youth exhibitors only. Painting, dying and use of color agents on beef animals, as well as icing on sheep, is not allowed. Projects which show evidence of this will not be permitted into the show ring. Exhibitors may use coloring or grooming aids on hooves. No artificial tail heads or tail fins will be permitted. Show officials reserve the right to re-inspect an animal for incorrect practices after it has entered the show ring.

9. No exhibitor will be allowed to show who does not take charge and care of the project in the show ring. Exhibitors must have animals trained so that they may be exhibited without the aid of an adult. Animals that become wild and uncontrollable and presents a danger to other exhibitors during the show may be declared ineligible and removed from the show ring by the committee.

Clean-up includes moving bedding, etc., from stall area to spreaders, furnished by the committees and/or fair board, and away from the fairgrounds. Cleanup is coordinated with department committee chairman. Premium monies (including ribbon premiums and/or auction premiums) may be withheld at the discretion of the fair board, the department committees, and/or Extension staff for failure to clean-up responsibly.

11. Violative Drugs. To knowingly send an animal to slaughter with a residue of any violative drugs is a violation of the Federal Food, Drug and Cosmetic Act. Failure to comply with regulations will result in fines, prison sentences or both. Veterinarians should be aware of these laws as well and should not distribute violative drugs for use on show stock going to slaughter.

12. Substitute Showman. Excusing a member from personally exhibiting his/her project defeats one of the important objectives of youth work; therefore, the use of substitute showman will only be accepted in case of injury or serious illness. A substitute showman must be of 4-H age. Approval to use a substitute must be given by the committee in advance of the show.

13. Dress Code - Beef, sheep, swine, and small animal exhibitors must wear a 4-H or FFA shirt while exhibiting in the show ring. No hats or caps in the show ring.
